Membership Number

When you joined Prospect, you will have been allocated a membership number. If you joined before 2019 you will have received a membership card with the number on it. If you joined more recently, you should have received it in an email shortly after registering. You can also find it by logging into the Prospect website (see right).

If you are unable to find your membership number and can not log into the Prospect website, please get in touch with the Branch Secretary (Chris MacMackin at the time of writing) and he will be able to look it up for you.
